# How to make a button loop

- Sew on button.
- Use pins or coloured threads to mark where loop needs to be placed.

- Pull yarn through edge of knitting at one marked point leaving a short end.
- Make a loop of thread wide enough to go over button.
- Pull thread through at other mark.
- Repeat to make 4 strands.

- Stitch over all strands and loose end drawing needle point in between loops and needle thread.
- Fasten off at other side of loop.
